EDUCATION

Kalvium x JECRC University

B.Tech in Computer Science (Software Product Engineering) Jaipur,
Rajasthan | 2023 – 2027

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript, Vite

Backend: Node.js, Express.js, FastAPI

Databases: MongoDB, MySQL

Languages: JavaScript, Python, C++

Developer Tools: Git, GitHub, Postman

Core Skills: REST APIs, Authentication, Real-Time Data Processing, API Integration, Machine Learning Basics

SUMMARY

Full-Stack Developer experienced in building scalable web applications, REST APIs, and AI-powered solutions using React.js, Node.js, MongoDB, and FastAPI. Strong understanding of frontend development, backend architecture, database management, and real-time application workflows.

PROJECTS

VitalSense (AI-Powered Healthcare Dashboard)

Apr 2026 – May 2026

Tech Stack: React.js, Node.js, MongoDB, FastAPI, Python, Scikit-learn

- Engineered an AI-powered healthcare dashboard for continuous patient monitoring and predictive analytics.
- Integrated machine learning models with Scikit-learn to support health-risk analysis.
- Designed backend services and REST APIs using FastAPI and Node.js.
- Processed and visualized real-time healthcare data streams for continuous monitoring dashboards.

Todo App (Full-Stack Productivity Platform)

Apr 2026

Tech Stack: React.js, Vite, Node.js, Express.js, MongoDB

- Created a task management platform with secure authentication and real-time synchronization.
- Developed 5+ REST APIs for task management, authentication, and user operations.
- Added notification and analytics modules to improve productivity tracking.
- Improved frontend responsiveness through reusable React components and optimized rendering.

ShopEase (E-Commerce Web Application)

Mar 2025

Tech Stack: React.js, JavaScript, CSS3, Context API

- Designed a responsive e-commerce interface with shopping cart and product management features.
- Utilized Context API for state management and seamless user interaction.
- Improved application usability through reusable UI components and responsive layouts.

EXPERIENCE & ACHIEVEMENTS

- Secured Top 3 position in Tata 1mg Hackathon.
- Collaborated with a team of 2 members in the National Healthcare Hackathon to develop healthcare-focused technology solutions.
